Industries That Will Qualify For Licenses

All potential licensees must meet the following requirements:

1. Engage In Fair And Ethical Business Practices.
 - a. Applicants must demonstrate a history or willingness to engage in fair and ethical business practices and will be contractually obligated under the terms of the license to operate in such a manner while possessing a license.
2. Not Engage In Employment Or Subcontractor Selection Discrimination Based On:
 - a. Gender
 - b. Religion
 - c. Nationality
 - d. Race
 - e. Sexual Preference
3. Must Be Willing To Meet The Stringent Quality Control Standards Required By Genesis World Energy:
 - a. Genesis World Energy requires licensees to meet or exceed the provisions of US Mil-Q-9858A.
4. Engage In Positive Employee-Employer Relations:
 - a. Provide pay, hours, and benefits that are competitive with other leading organizations within the nation that the licensee is licensed to support.
5. Have A History Of Positive Customer Satisfaction:
 - a. Under the terms of the license agreement, licensees will be required to demonstrate a history of positive past and/or future customer satisfaction. Both established and new businesses will be required to submit a plan for monitoring, addressing, and reporting customer satisfaction to Genesis World Energy. As part of this plan, licensees will be required to provide customer sales data (on each Edison Device sold) for independent customer satisfaction surveys.
