Subject: Exaggerated Claims About the ITER Fusion Project

Dear Mr Krivit,

Thank you for your email of 15 June 2020 addressed to the Commission President Von der Leyen and the comprehensive analytical report published in the New Energy Times. Your message has been forwarded to my service.

Given the importance of ITER, the European Commission welcomes any relevant information which contributes to the increased public knowledge about the fusion energy in general and the ITER project in particular. As the European Commission we continue to make sure that the results of ITER and other fusion experiments are recorded and presented transparently.

Thank you for drawing our attention to this report.

Yours faithfully,

[e-signed]
