Subject: European Commission ITER Reactor Claim

Dear Mr. Krivit,

Thank you for your letter of 2 August 2020 about the document "The ITER Project: The Road to Fusion," available on our website:

https://ec.europa.eu/energy/sites/ener/files/iter_factsheet_the_road_to_fusion.pdf.

I am pleased to let you know that the sentence you are disagreeing with has been modified according to your suggestion in the English, French and German versions of the document.

We thank you for your interest in ITER and in the EU activities.

(e-signed)

Massimo Garribba
