I confirm the attached pdf file is a copy of the log sheets provided to Yiban Xu. I also confirm that I can recall no details during my visit on 9/19/03. I also agree that the personnel who logged in and out of the area appeared to be diligent in entering information into the logbook.

Thanks

Jim

Subject: G60 entry-exit log book page transmittal/verification (rpt->jimS;1.18.08)

Jim:

Nice CORO meeting today. As discussed at the end, I would like to ask that you provide your verification and confirmation for the copies of entry-exit logs (with entries ranging from 9.17.2003 through 1.30.2006) which you kindly made copies of and provided to Yiban Xu on 1.14.08 and again on 1.15.08.

A scanned copy (pdf file) consisting of 13 pages with filename: "G60Entry-ExitLogsfromJ.Schweitzer.1.14.08.pdf" with the date/time stamp of 1/18/2008 1:29PM is attached. The first 11 pages are the ones you provided to Y.Xu on 1.14.08 and the last 2 are the ones you gave to him on 1.15.08. I'm sending this file to you for your confirmation that you personally provided this information and is an accurate representation of the originals, from the official REMS log book for G60 which was in your custody as of 1.15.08.

I also spoke with you on 1.15.08 over the phone and we had discussed the following:

- On 9.19.03 the log book entry-exit entries indicate that J. Walter and A. Bougaev had been present in the G60 lab. for about 50 minutes each during the morning. They both left at 9:45am and did not return for the rest of the day on 9.19.03 (based on the log book entries).

- You did not remember why you were visiting that day on 9.19.03 and could not recall (when we spoke) whether Walter was present or not present.

- Based on the REMS log entry-exit entries by J.Walter and A.Bougaev, it would appear to a reasonable person that the students were diligent in terms of making entries in the log book to record his comings and goings. For example, on 9.18.03 he first entered at 8:30 am and left at 8:45am; then he made entries when he entered again at 13:35 and left at 21:20. Again, on 9.23.03 Walter first entered at 8:25am and left at 8:55am; then entered again at 11:50 and left at 13:15. On 9.24.03 he entered at 9:10 and left at 19:50 and then again entered close to midnight at 23:40 and documented that he left at 1am.

Thanks for the help.

Rusi
