I got this via email last Friday. For whatever reason, it won't save in the STIB file.

After listening to it twice, I don't perceive anything new was said; no revelations.

And, considering the time frame (March), I don't understand the relevance.

This is for your information.

Second, I've put a lot more out there in the STIB file, including a package of information from Dr. Seth Putterman. It, too, came in last Friday.

Please let me know if there is more information that you want to examine.

Thanks! Holly
